

Sports fees are non-refundable but... LIFE IS UNPREDICTABLE!

Get Sports Fee Insurance.

10 Most Common FAQs

1) What is Sports Fee Insurance?

Sports Fee Insurance protects the non-refundable sports fees parents pay to the club/facility for their child to participate in select sports.

2) How does it work?

When the unexpected occurs, we will either reimburse parents a prorated portion of the fees they paid upfront, or we will take over future payments and pay the club/facility the remainder of the fees due for the season. Regardless if you pay the club 100% upfront or with an installment plan, we have you covered.

3) Is this medical/health insurance?

NO! Sports Fee Insurance covers the non-refundable sports fees paid to a sports club or facility.

4) Do you cover both season-ending injuries and short-term injuries?

YES, of course! We offer plans that cover both season-ending injuries and short-term injuries that require athletes to sit out for only part of the season.

5) Can I file more than one claim each season?

Yes. With our Elite Plan, you may file multiple claims during your policy period up to the limit of insurance.

6) Does this policy *only* cover injuries that occur during a game or tournament?

NO way! Our injury protection is comprehensive. Regardless if an athlete was injured at the playground, skiing over Spring Break, or playing another sport, we have you covered.

7) What else does your Sports Fee Insurance cover?

We have three different plans to choose from. Each plan guards against accidents and season-ending injuries. We also offer plans with increased protection against unexpected job loss or relocation and short-term injury interruptions that require athletes to sit out for part of the season.

8) Do athletes have to get a physical to get coverage?

No, there is no medical examination or pre-screening required.

9) How much does it cost and is there a deductible?

No. There's no deductible and premiums are incredibly affordable. The plans start at 1.5% of the sports fee and go up to 2.5% or 5% with a minimum premium of \$15, \$25 or \$50 depending on the coverage you choose.

10) Is the premium a monthly payment or a one-time fee?

It's a one-time fee -- we meant extremely affordable when we said that!

If your child can't play...you shouldn't have to pay!
